

The HealthOne AGM 2012 will return to the delightful surroundings of the
Hotel Minella, Clonmel
 on the weekend of **9th - 11th November**.

“BACK ←←← TO THE FUTURE”

Our theme of “Back to the Future” is reflected in this year’s academic programme below. The day’s programme will begin with a “back to basics” look at data entry, the key to unlocking the power of HealthOne but which will be of interest to users of all abilities. We then move on to sessions demonstrating how to use HealthOne to best advantage. The final plenary session will feature an opportunity to discuss the future direction of HealthOne with reference to the changing world of Irish General Practice. The same ideas can be found in our parallel workshop for administrative staff, and this year we introduce the HealthOne lab, a smaller workshop for advanced users.

Application has been made to the ICGP for CPD Accreditation for Saturday and Sunday.

Saturday, November 10th - Attendance at the workshops is free of charge

9.30 - 10.00	Registration (free to all HealthOne users & practice staff)
10.00 - 11.30	Data Entry in the Consultation
